OFFICE OF DIRECTOR OF CENTRAL INTELLIGENCE

LEGISLATIVE COUNSEL
WASHINGTON, D.C. 20505
Telephone:

7 JUN 1978

TO: Honorable Sam Nunn
United States Senate
Washington, D. C. 20510
Attention: Sylvia Andrews

Dear Sylvia:

I talked with Gordon Giffin this morning concerning the Civil Service Reform legislation and related legislation concerning whistle-blowing of Federal employees. Gordon said matters seem to be well in hand but on the chance that it would be helpful to have available additional background papers explaining our concerns with this legislation, enclosed are two papers and a copy of a letter from Civil Service Commission Chairman Campbell to Chairman Ribicoff, dated 22 May 1978, explaining, among other things, at page 3, the Administration's position that whistle-blowing by employees of intelligence agencies should be kept within separate channels. Please let me know if you would like any additional information or if you have any questions. Thank you for your interest.
